

UB ROOMS ALMOST READY

Plans for Young Men's Club of
Dothan Arrives.—Plans are
progressing.

Looking towards the for-
opening of the Young Men's
club of Dothan and the occupancy
of the rooms in the telephone
exchange building, North Foster
are progressing rapidly, ac-
cording to Chairman Chester W.
Foster of the Board of Govern-
ment.

A slight delay is being experi-
enced because of the fact that the
rooms, which will be com-
pleted and most up to date
city when completed. The
will be ready for occupancy
in ten days, however.

Two long tables, purchased by
board of Governors, have al-
ready arrived, and will be placed
soon as the rooms are com-
pleted.

Following the completion
of the work, a general meeting of
the club members will be called.

Starting the renovation of
rooms, no committee meetings
have been held in the Young Men's
club rooms, and none will be held
until they are ready for occupancy.
The occasion of the completion
of the quarters will be celebrated
at a general meeting of the club.
The date to be announced later.

While no action has been taken
in this matter, it is thought that the
step will be the purchase of a
and a campaign of work out-
side these matters, however,
come up for action at the next
meeting of the membership.

Chairman Newton of the Board
of Governors was in Pinckard the
day, and extended an invita-
tion to several young men to meet
at the Young Men's Club when
they come to Dothan.

ROBERT SYKES IS KILLED BY NEPHEW

Prichard, Ala., June 4.—Robert
Sykes, age 50, was instantly killed
by his nephew, Clyde Naylor, at
his home last night. Naylor
was over money, which Naylor
alleged to have taken from
Sykes' drawer. Body will be
taken to Tennessee for burial.

UNDERWOOD RETURNS

Washington, June 5.—Represent-
ative Underwood of Alabama, dem-
ocratic leader of the house, who has
been at Hot Springs, Va., seeking
rest from a severe bronchial trou-
ble, returned to the capital today.

OF GUADALAJARA SURRENDERED BY REBELS

Board U. S. S. California.
Guadalajara, Mexico, June 5.—(Via
San Diego, Cal.) June 5.—The
objective of the recent operations of
constitutionalists army of the
state under command of
General Obregon has been effectual-
ly accomplished. Three columns of
the army, according to offi-
cial information reaching Admiral
Hoyt, have succeeded in shutting
the city to the national cap-
ital, and the coast and Manzanillo and
the criminal escape of Obregon.

COL. ROOSEVELT SHOWN HONORS IN FRANCE

Paris, June 5.—Theodore Roose-
velt arrived in France today, en-
route to his son's wedding at Mad-
rid, accompanied by Mrs. Nicholas
Longworth, and Philip Roosevelt,
a cousin. The French government
prepared honors such as are shown
ex-rulers and a special train met
the Colonel at Cherbourg.

Strict police precautions were
taken. He was presented with a
"white pass" entitling him to un-
limited privileges. The Colonel ex-
pected to call on President Poin-
care at Elysee Palace tomorrow.

FORMER VICE-PRES. ADLAI STEVENSON ILL

Chicago, Ill., June 5.—Former
Vice President Adlai Stevenson is
reported in a serious condition at
the Presbyterian Hospital. He suf-
fered a nervous breakdown several
weeks ago.

Mr. Stevenson is seventy nine
and because of advanced age there
is much anxiety over his condition.
He has gradually grown worse.

YOUNG SUFFRAGETTE DAUGHTER OF LADY BLOOMFIELD

London, June 5.—The suffragette
who appealed to the King at last
night's levee to stop the forcible
feeding of suffragette prisoners was
today identified as Miss Mary
Bloomfield, daughter of Lady
Bloomfield. The girl's sister was
present when the appeal was made
and although she took no part she
was also asked to leave the court.

The identification created a sen-
sation as the girl had been in the
highest society and court circles.

WITH BOTH ARMS GONE. HE MASTERS SHORTHAND

Baltimore, Md., June 5.—Though
both arms were severed within 3
inches of the shoulders six years
ago, David T. Jones, of this city,
has mastered shorthand. With
the aid of several rubber bands to
fasten a pencil or pen holder to
the right arm he is able to write in
an exceptionally neat manner.

Jones, who is 30 years old, met
with the accident which necessitated
amputation of both arms while
he was working on a steel struc-
ture. Afterward he became an
omnivorous reader, and his inter-
est in the rough drafting of literary
articles.

DURYEA WENT TO ASYLUM

New York, June 5.—Chester B.
Duryea, who shot and killed his
father, Hiram Duryea, millionaire
starch manufacturer, today was
committed to the state hospital for
the criminal insane at Montrose.

DOTHAN BANKER IS HONORED

Alabama Bankers Recommend G.
H. Malone for Membership in
Directorate of Regional Re-
serve Bank, Sixth Dis-
trict.

Montgomery, Ala., June 5.—Geo.
H. Malone, of Dothan, was yester-
day chosen to represent Alabama as
candidate for membership in the
directorates of the Regional Reserve
Bank of the Sixth District. Mr.
Malone was recommended for this
position by the bankers of Alabama
after a long session in Montgomery.
The other nominees for the position
were A. H. Merrill of Enfield,
and McClain Tilton of Pell City.

A resolution was adopted con-
firming the appointments to bank-
ers included in Group 3 which in-
cludes banks capitalized under \$50,
000. Because of the adoption of
the motion the bankers of Mont-
gomery decided not to nominate a
candidate, and did not present the
names of the Montgomery bankers
they had expected to enter in the
race.

The meeting was called to order
Thursday at noon in the Business
Men's League by Michael Cody as
temporary chairman. James Keith,
Jr., was elected permanent chair-
man, and W. A. Sanford, secre-
tary.

After considerable discussion
the motion continuing the nominees
to bankers of Group 3 was adopted.
The reason for this motion was that
other States in the Sixth District
have nominated their candidates
from Groups 1 and 2; because of
this the bankers decided that Ala-
bama's best chance to secure a po-
sition on the board of directors
was to nominate a banker from
Group 3. The final election of these
directors is to be held at a meeting
of the bankers appointed from all
States in the district. The commit-
tee appointed to represent Alabama in
this meeting and election consists
of M. B. Welborn of Anniston; J.
K. Jackson of Montgomery and W.
H. Boynton of Talladega. These
were appointed at the afternoon
session of the bankers Thursday.
They will meet with similar com-
mittees of three from the other
six States at the time of the final
election.

The directorates of the Regional
Reserve Bank of the Sixth District,
which has headquarters in Atlan-
ta, will consist of nine men. Three
of these will be bankers; three will
be business men elected by the
bankers and three will be men ap-
pointed by the government. These
groups of three are known as
Classes A, B and C, respectively.
Class A, the bankers, is divided in-
to three groups; Group 1 consists
of banks capitalized at \$150,000 or
more; Group 2 of banks having a
capital from \$50,000 to \$150,000
and Group 3 of banks having a
capital under \$50,000.

Following the morning session of
the bankers the Montgomery mem-
bers of the convention entertained
the visitors at a dinner given at the
Country Club. After the dinner the
bankers remained in session at the
club until late in the afternoon.

Fifty-five bankers from various
parts of the State were present at
the meetings. Most of them left
Montgomery for their homes Thurs-
day night.

WESTINGHOUSE EMPLOYEES OUT ON STRIKE

Pittsburg, Pa., June 5.—Three
thousand employees of the Westing-
house Electric Company struck this
morning. Leaders declared ten
thousand will be out and the plant
will be tied up before night.

The trouble was caused by the
discharge of several men for union
affiliation.

FRANK'S COUNSEL TRY TO HAVE VERDICT SET ASIDE

Atlanta, Ga., June 5.—Leo
Frank's counsel began presentation
of the motion to set aside the ver-
dict on the ground that the defend-
ant was not present when the ver-
dict was read. Frank denies he
waived the right to be present.

If Judge Hill renders an unfavor-
able decision, the case will be
again taken to the Supreme Court.
It is not expected that the argu-
ments will be finished today.

NOT TO PROSECUTE MELLON YET

Washington, June 5.—The gov-
ernment will not consider any plans
for the prosecution of Chas. S. Mel-
lon until after the Interstate Com-
merce Commission completes its
investigation of the road, accord-
ing to announcement from the De-
partment of Justice today.

Government officials believe it
inadvisable to try to prosecute Mel-
lon before taking the complete tes-
timony of L. G. Ledyard contradi-
ctory to that of Mellon's concerning
Morgan matter to come. Under
scrutiny of the Department and
probate Mellon's statements will be
sifted.

TRY MOYER JULY 2TH.

Houghton, Mich., June 5.—The
trial of President Chas. H. Moyer
of the Western Federation of Min-
ers and thirty-seven other labor
leaders charged with conspiracy re-
sult from the recent copper mine
strike will open on July 6th. Trial
to be held at Lansing, is expected to
cost Houghton county twenty thou-
sand dollars.

PRESIDENT SPEAKS TO STUDENTS OF NAVAL ACADEMY

Annapolis, June 5.—After a
stormy voyage President Wilson ar-
rived on the Mayflower today to
participate in the graduation exer-
cises of the Naval Academy. He
received an enthusiastic welcome.

Both President Wilson and Sec-
retary Daniels made addresses then
the President presented diplomas.
President Wilson and party were
luncheon guests of the Academy
Commander Follam. The Presi-
dent will spend the week-end on
the yacht, returning to Washington
Saturday night.

Walter Folks of Enterprise is in
the city. He came to bring his lit-
tle daughter for medical treatment.
They are stopping with J. P. Folks
and family.

Choice of Bankers

GEORGE H. MALONE

George H. Malone is the imper-
sonation of the best characteristics
that have gone into the develop-
ment of Dothan and all of South-
east Alabama. As a town that has
a reputation for doing things, Do-
than feels that it has done honor
to itself and a great service to the
Nation when it joined with the Na-
tional Banks of Alabama assembled
at Montgomery on May 4th, in
offering G. H. Malone to the bank-
ers of the Sixth District, as a mem-
ber of the Federal Reserve Board.

Mr. Malone did not solicit the
selection and his nomination devel-
oped after a strong fight, which he
led, that the country banks be rep-
resented on the Federal Board, as
the law clearly intended; but no
man who knows him would say
that he is a man to shirk his duty.

Having inherited patriotism
and honestly from both sides of his
family, George H. Malone was born
sixty-one years ago on a Pike coun-
ty, Alabama farm and is now in the
prime of his life physically and
mentally.

When he was sixteen years old
he left the farm and clerked in a
drug store for about two years, at
Troy, Alabama, when he and his
father established the mercantile
firm of Malone & Son, which they
continued for several years until
the Wiregrass section of Alabama
began to attract attention. Then
the Malone left Troy, going to Ge-
neva, Alabama, and engaged in
general merchandising, advancing
to farmers, and here Mr. Malone be-
gan to accumulate his intimate
knowledge of the class of business
that is the backbone of the small
country bank.

When Mr. Malone was about
twenty-three years old, his father
had a serious illness for about two
years, leaving the responsibility of
his growing business upon G. H.
Malone, who succeeded from the
beginning.

In 1891 when the Alabama Mid-
land Railroad had just been built
through Southeast Alabama, his
firm opened a branch business in
Dothan, Alabama, under the man-
agement of G. H. Malone and since
that time their business has grown
until Mr. Malone has an extended
and varied interest in his section
including banking, commercial
fertilizers, wholesale and retail
mercantile companies, manufactur-
ing and other industrial develop-
ments, with all of which he has
kept in close and intimate touch.
In 1901 he organized the First Na-
tional Bank of Dothan, which was
the first National Bank ever estab-
lished in the Wiregrass section of
Alabama and West Florida.

It is said that Mr. Malone has
established, with a controlling in-
terest, more National banks than
any man in the United States; or
every one of which has been a success story by them.

GRAVE POSSIBILITIES TO MEDIATION IS FORESEEN

Washington, June 5.—Grave pos-
sibilities even to the breaking off
of mediation is foreseen by officials
today in the question of maintain-
ing Tampico as an open port. If
the United States allows liberty to
blockade Tampico it will be con-
sidered as a violation of the armis-
tice, and if Mexican gunboats are
allowed to effect the blockade and
prevent landing of needed ammuni-
tion for rebels it will be taken by
Carranza as an unfriendly act.

It is understood here that Car-
ranza is withholding his answer
to the latest note of peace mediators
until the United States' policy on
Tampico reveals itself.

MAN CHAZED BY DRINK HUNG AMUCK WITH GUN

Savannah, Ga., June 5.—Crazed
by an excess of drink, Thomas
Brannan ran amuck in the yards
of the Savannah and Northwestern
route yards today and imperiled the
lives of a score of persons. Firing
right and left, the wild man chased
every man in sight to seek shelter.
J. E. McElveen, fireman of a
switching engine, stopped one of
the stray bullets and has a serious
wound in the jaw. Brannan was
arrested after he had terrorized the
neighborhood.

AND IS TODAY A STRONG INSTITUTION

He has the unanimous support
of all the member banks of South-
east Alabama with whom he comes
in close business competition.

He has always taken a live inter-
est in the development of his sec-
tion in church, in school and in all
public matters. He was a member
of the Constitutional Convention of
Alabama in the year 1901, and
there secured a special clause in
the Constitution permitting the for-
mation of the new county which is
now Houston. It is said that Mr.
Malone succeeded only by his bull
dog tenacity, and by convincing
the Convention of the rightness
of his cause. He is not a
scrubber of the buzz saw kind that
tears everything it touches, neither
does he shut his eyes to every
other interest but his own, but with
a mind that is broad and open as
well as alert, he contends for his
convictions with a fearlessness and
tenacity that wins success. It has
always been his motto to decide
what was right to be done and then
go after it and get it.

His twenty years experience in
the mercantile furnishing business,
selling live stock, fertilizers and do-
ing a country banking business has
thoroughly fitted him to be a rep-
resentative from Group 3, as he is
thoroughly familiar in detail with
all of the business and securities
of country bankers; while his later
years of experience with larger af-
fairs make him capacitated to han-
dle the largest affairs that will
come before the directors of the
regional reserve bank.

One of the strongest points in
his favor is the fact that after he
offered a resolution which elim-
inated any city banker from being
a candidate before the convention,
he was unanimously nominated by
a city banker and unanimously sup-
ported by every one of which has been a success story by them.

WORK STARTS ON GROUNDS

Building Commenced Taken Place
at Southeast Alabama Fair As-
sociation Grounds Yester-
day Afternoon.

Actual construction at the fair
grounds was officially started yester-
day afternoon at 5 o'clock with
the rendition of a building cere-
monial for the occasion.

After several hundred persons
had assembled, Miss Jessie Farmer,
daughter of Byrd G. Farmer, a well
known lawyer and one of the prin-
cipal stockholders in the Southeast
Alabama Fair Association, laid the
cornerstone at the entrance to the
grounds.

President E. H. Porter, B. G.
Farmer and Secretary Fred H.
Thomas, made addresses in which
optimism was expressed. The
bright outlook for the success of
the association was stressed in all
the speeches.

J. J. Donovan, the Brockton con-
tractor, who was at the grounds
with about thirty negro laborers,
mules, teams and other parapher-
nalia, along with officers and direc-
tors of the association and citizens
posed for the first photograph to
be made at the fair grounds.

WANTED—Hunting man under
50 to introduce our Memberships.
Write quick. I. L. G. 1841, Cov-
ington, Ky.

TWO DAYLIGHT ROBBERIES IN NEW YORK TODAY

New York, June 5.—Two daring
daylight robberies occurred in the
streets today. The first occurred at
Fourteenth street and Tenth av-
enue, when two employees of the
American Can company were black-
jacked and robbed of \$2,700. The
second was at Fifty-two Jay street,
Brooklyn, where two employees of
the L. Manory Paint Company were
held up and robbed of \$1,000; the
robbers escaping.

RECEIVED DOBBERIE.

The following will interest many
Dothan friends of this young cler-
gyman who once lived here. It is
taken from the Birmingham Ledger
of May 28th, under head of
News from Enley:

"The numerous friends of the
Rev. J. F. Watson of Los Angeles,
Cal., who formerly resided in this
vicinity will be interested to learn
that the degree of doctor of divi-
nity was conferred on him during
the commencement of Howard Col-
lege, which came to a close on
Wednesday. Dr. Watson was a
member of the class of 1896.

Dr. Watson filed several pa-
terates in Alabama before going to
the west, where he has resided for
a number of years. He is general
secretary to the Southern Califor-
nia Baptist convention. Dr. Wat-
son expects to leave on June 16 for
a trip around the world. He will
be absent three months. Dr. Wat-
son is a brother of Mrs. Frank An-
ley and Albert Watson of this
city."

You can put a too severe a test
on almost any friend

Probably we would never know
whether it was hot enough or not
unless some one were to ask
about it.

Roosevelt is a great publicity
man. He could make a good deal of
money along that line.

Sometimes a man wakes and dis-
covers his political bedfellow and
kicks him out and throws a shoe at
him. That's better than turning over
without a protest.

Everytime the magazines print
something about Villa the people
are inclined to think that he is some
villain. That fellow has had a
good deal to overcome.

It is now reported that Hobson is
to work for the Anti-Saloon League
at a salary of \$10,000 a year.
Worth something to be hauled for
the Senate.

The best way out is to go live,
that if you were to be found throw-
ing up a good dinner all over the
streets, that you wouldn't be ac-
cused of being drunk by your ac-
quaintances.

It is a hard matter to suit the peo-
ple on the question of weather.
When it rains a little over-time, the
people feel that all is wrong, and a
little too much dry weather is
found to be referred to as ruinous
to crops.

THE GERMS IN MILK.

Living bodies, both great and
small, are usually found in a den-
sible place. The bacteria found in
milk are indeed a mixed collection.
The fact that certain organisms are
frequently found in milk does not
necessarily mean that they origi-
nate in the udder, but rather di-
rects the search toward the focus
of infection from which they find
their way into the secretion of the
mammary gland. It is known that
the Journal of the American Medi-
cal Association, that while the col-
on group is frequently found in wa-
ter and milk, its natural habitat is
the intestinal tract of warm blood-
ed animals. The experts of the
dairy division of the Bureau of
Animal Industry in Washington
have been investigating the sources
from which the streptococci may
gain entrance into milk. The fore-
most possibilities are contamina-
tion with feces, which must always
be considered as a possible source
of contamination, the presence in
the herd of one or more cows with
infected udders, and the cow's
mouth, which is known to contain
streptococci. Its habit of licking
the hands and udder provides a
direct connection between the
mouth of the cow and the

A GOOD EXAMPLE

The lawyers of Anniston have set
a good example in pushing the pro-
secutions against those who are al-
leged to have tampered with the
trial justice in the circuit court this
morning and the sentence imposed
by the court should serve as an
example to all who may be inclined
to defeat the ends of justice.

It is not for the Star to say
whether or not these men by the
court were intentionally guilty of
being a matter for the law to de-
termine, but there should be no
again in the slightest excuse for
suspicion as to the administration
of justice in Calhoun county.

Judge H. D. Merrill is to be com-
mended for the thorough manner in
which he conducted this investigation.
The lawyers as a whole have
acted with becoming conduct, wip-
ing out all semblance of personal
motives and holding the good name
of the profession as the one great
reason actuating the prosecution.
Anniston Star and Hot Blast.

BUILDING IS IMPROVING.

There has never been a time in
Dothan when building was on such
a boom. Folks have awakened dur-
ing the past few months and there
are more now houses going up than
at any time during the past few
years. You can find out how busy
the bulldozers are when you get out
to hire one.

Probably by the time the five-
story Young building, corner of
Main and St. Andrews is finished
and likely before other plans will
be on foot to put up a building in
this class on another lot. People
are moved by moods. When they
see such a structure as this one,
which is the prettiest building in
Dothan, and will be termed Do-
than's first skyscraper. It will make
other people want to build a nicer
one and it will come. Within the
next five years Dothan will have
several buildings in this class that
will be a credit to any city of any
size.

And the residences that are go-
ing up in the most part, are resi-
dences built by people who want
a good home, people who are build-
ing for all time. They are expen-
sive buildings.

KEEP COOL.

Hot weather hints have been
issued by Assistant Surgeon Gen-
eral Rucker of the public health ser-
vice. First of all, don't overeat,
says Dr. Rucker. A furnace is not
stoked in summer the way it is in
winter. Partake sparingly of meats.
Eat largely of fresh vegetables and
fruits. Avoid alcoholic drinks. Al-
cohol never made anyone cooler.
Be sparing in the use of ice wa-
ter. Drink plenty of water, but not
too cold and have no ice in it.
For a clothes of a light color and
weight are recommended by Dr.
Rucker for summer wear. It is a
significant fact, he declares,
that women are much more sen-
sible about clothes than men. Keep
in the air as much as possible and
in the shade. In the matter of
sleeping stay out of doors. Screen
off the porch if possible and sleep
in the open. Cold baths are to be
avoided. It is far better to bathe
in lukewarm water in summer than
in cold water. Birmingham Age-
Herald.

No better advice could have been
given. But people will pay no at-
tention to it. They will go right
ahead and do just like they always
do. They will eat just as many
pieces of pork or beef they will
drink just as many glasses of ice
water or soda or other things they
think will help a hot day like a cou-
ple of bottles of beer, or a drink
and the coffee drinker drinks it
both for hot weather and for cold
weather.

But if we could eat about forty

Speaking of Eyeglasses

Dr. Mastow would be pleased to
have you come in and investigate
the kind fitted by him. He carries
over thirty-five different styles of
eyeglasses and as he does
not make a specialty of any one
kind he is able to fit you with the
one best suited to your comfort,
looks and mood. He is giving
the best examination of the eye to
be had. His stock of optical goods
is complete. If you have not dealt
with him and you will favor him
with one visit you will always
number yourself among his pat-
rons for he endeavors to please
and please giving the most mod-
ern examinations of the eyes and
the best of eyeglasses. His price
is in reach of all. Come in and
consult Dr. F. E. Mastow who has
over 20 years experience in the
optical line and nothing else. On
he at 111 P. Main street over the
Coke Drug Store.

Dr. Mastow can be seen every
Thursday, Friday and Saturday
also Sunday by appointment. 151

EVERYTHING FOR MEN AND BOYS

118 N. FOSTER STREET,

DOTHAN, ALA.

DON'T MAKE A MISTAKE.

If you are contemplating making a stenographer of yourself, do not make a mistake and attend a school teaching one of the old systems such as Pitman, Graham and Gregg. They are too awfully hard to learn, almost impossible to read accurately, and are incomplete. The Byrne Simplified Shorthand is far superior, more modern in every way; it is a system that is easy to learn, and has often been mastered by youngsters of from 5 to 12 years of age. Where the Pitman and other systems have over 500 rules, almost 500 exceptions and thousands of word signs to be committed to memory, also a phonetic language to master, the Byrne Simplified writes the English language as it is written and spoken in every day use, with but the 26 letters of the alphabet, 13 short rules, no exceptions and 13 word signs to be memorized. It takes one with a giant memory to become an expert stenographer with the other systems, while with the Byrne Simplified practically any one has sufficient memory to handle it accurately. The intelligibility of the old systems is due to the student's unfamiliarity with the phonetic language, his inability to apply the 500 rules or some of the many exceptions properly, his failure to execute accurately the complicated outlines required in writing words with these systems. With the Byrne Simplified, reading is an easy matter, and one who can read print accurately should have no trouble in learning to read the Byrne Simplified with accuracy. In the first place, he writes the English language as his mother taught him to speak it, and not a phonetic language as hard to learn as Latin. Next, he uses characters represent-

ing the 26 letters of the English alphabet, which together with the 13 word signs, enables him to write anything in the English language. There is not a word that can be set in type or written in script alphabet that can not be written with the 26 letters of the alphabet of Byrne Simplified. Its outlines are simple and easily executed. You are not worried to death trying to figure out whether the vowel dot or dash you put in was shaded or unshaded, or whether it was put at the beginning of a character or in the middle, neither are you worried trying to figure out whether that vowel circle was made large enough for A or small enough for I, or whether it be a loop, or what in the world it might be. There is absolutely no guess work in the reading of the Byrne Simplified, as in the case with the other systems.

The other systems are incomplete, inasmuch as the basic principles are so deficient and incomplete that the thousands of word signs, hundreds of rules and exceptions must be brought into use to supply the deficiencies. The Byrne Simplified is the most complete system in use, inasmuch as it is more like the 26 letters of the printed or script alphabet. With these 26 letters of the script alphabet we write any word in the English language; the same is true with the 26 letters of the alphabet in the Byrne Simplified Shorthand.

Many of the most rapid writers in America today write the Byrne. This proves its wonderful speed possibilities. For endorsements from those who have mastered the other systems, then abandoned them and made a success of the Byrne, see our catalogue. It contains many endorsements that are sufficiently strong to convince the most skep-

tical of the wonderful superiority of the Byrne over all other systems.

INSTITUTE BOOKKEEPING SHORTHAND TYPEWRITING

Chas. H. Davis, and family, of Columbia, were in Dothan this morning for a while shopping.

Beat 3, Dothan, on June 26th, and 27th, 1911.

C. H. Register,
W. E. McEachern,
W. F. Usery.

Board of Registrars, Houston county.

No need for calomel with its nauseating effects. LIV-VERLAN is happy in results. N. H. McCallum.

MURPHY STAYS AS UMPIRE.

The Dothan baseball team defeated Geneva yesterday afternoon, the score being 5 to 5. The features of the game were a home run by Gay, the pitching of Mowley for the locals and the umpiring of W. O. Mulkey.

We Are The Originators Of The Sanitary Grocery Store and Profit Sharing Prices Groceries in Dothan

We opened our business with low prices and we do not work overtime cleaning up. We keep clean as we go, and as a result you always have a nice and inviting place to walk into when you buy your groceries. We are the originators of the Sanitary Grocery Business and prices that enable you to live, too, in Dothan. As we said before, it did not take competition to make us lower our prices nor did the other fellow cleaning up make us do the same. We started it.

Further than giving you money-saving, profit-sharing prices, we give you groceries that are fresh and the best in quality. We challenge anybody, no matter where, nor no matter whom, to produce groceries of any better quality at 20 per cent more than the price we charge for ours. We know the grocery business and we are trying to teach it to you by giving you prices.

Another thing: We do not merely SAY we are giving you groceries of quality and prices that attract, but we SHOW you. Look down the columns on either side of this page and the column at the bottom and SEE what we are giving you. Isn't that fair?

Our lightning delivery system is not to be eclipsed. We keep this part of our business right abreast of the remainder of it—in first class shape and always working. We bespeak your patronage in the future and assure you that it will not be misplaced by giving it to us.

THE PERKINS GROCERY NEWS

PUBLISHED IN THE INTEREST OF A CLEAN GROCERY BUSINESS

VOLUME 1.

DOTHAN, ALABAMA, FRIDAY, JUNE 5, 1914

NUMBER 1

SANITARY GROCERY CARRIES WHOLE MEALS IN CANS

Campbell's Line of Soups and Other Viands are Handled by Perkins Cash Grocery on N. Foster Street.

The sanitary grocery store which recently opened up in Dothan offers Dothan people a great many things in the way of luxuries which are inexpensive. Take for instance their prepared meals.

For a little of nothing, you can telephone them and get a can of the Campbell products and each can contains a full meal for two or three people. All it takes to prepare the meals thus bought for the table, is to put the can in a kettle of boiling water for about five or six minutes and then you have a meal fit for a king.

We will be delighted to show you every product and tell you all about its merits if you will only ask. The telephone numbers of this store are 52 and 62. If one is busy, call the other.

WE DO NOT BAIT WITH LOW PRICE ON ONE ARTICLE AND THEN STOP

We are not in the cash grocery business because we do not think your credit is good, for if we were in the credit grocery business we would be glad to extend you the credit you are now getting elsewhere. We are in the cash grocery business to reduce the high cost of living and we are offering you groceries at greatly reduced prices which is greatly reducing the high cost of living for many hundred people in Dothan.

We have one price for all. We give you the same goods for the same price that we do to everybody else. There is no baiting on one article and then charging an exorbitant price on another to make up.

All we ask of you is a trial. Just try us on your next month's business and then compare your bills and see if we do not save you from 15 to 20 per cent on your grocery bill. Buy one of these articles advertised at a low cost and then see if we are baiting.

VEGETABLES ARE SOLD BY PERKINS CASH GROCERY CO.

Society of Garden Products Dothans Not Better Dothan's Only Sanitary Grocery Store From Selling Them at Low Prices.

Vegetables this summer are mighty scarce and the prices are necessarily higher than usual, but the Perkins Cash Grocery is one concern which is holding prices down for the benefit of the consumer.

Also, vegetables are hard to get, but this store makes a mighty effort to have all the vegetables of the season on hand and more than that, this store keeps them where the flies can't get to them. They are clean and are kept clean.

You can buy vegetables of other concerns and then buy them of the Perkins Cash Grocery and you will in a minute note the difference in prices. It's because we know how to buy them and how to keep them and last of all, we know how to sell them.

Call telephone 52 or 62 and see what vegetables they have for the day.

YOU NEEDN'T WANT ANY MORE FOR SCARCE MEATS—PERKINS HAS THEM

Do you ever feel like you want to get hold of a rare meat of some kind? That is one which is hard to get on account of its scarcity in this country? We know you do and for that reason we want to tell you, never to just want it. Get it. We have it.

We carry at all times a full line of Libby's canned goods, which embraces every meat under the sun that civilized people eat. Neither are these prices extortionate. They are sold at minimum as it is, but the Perkins Cash Grocery has cut the price down even more than that so the price you would have to pay for them here, you would almost sneeze at.

The goods of which we are speaking are put up in a government inspected factory and everything about the place is guaranteed by the United States government to be clean and sanitary.

Call telephone 52 or 62 and order us to send some of these canned meats to you for your next meal.

CASH SYSTEM AT PERKINS SAVES YOU MUCH COIN

You Had Better Borrow Money at The Bank at 4 Per Cent Than Continue the Credit System and Lose 15 Per Cent

Did you ever investigate the system at the Perkins Cash Grocery and find out why this store can save you money and cut a big slice off your grocery bill? Did you ever stop to think that just for the sake of a little 30-day credit you are paying extortionate prices for your groceries?

You complain about the high cost of living, when this credit business is at the bottom of it. We buy our groceries for cash and we sell them for cash. By doing this we save the interest which would accrue through buying on credit. Therefore we can afford to sell to you at a lower price than grocers doing a credit business.

You say, though, that you can't afford to pay your previous month's bill with the credit grocery and then pay us for a month in advance for one of our \$5 or \$10 books. You can easily afford to go to the bank and borrow \$5 or \$10 at 1 per cent than you can to go on buying groceries on credit and losing from 15 to 20 per cent. Isn't that reasonable? Think it over.

PERKINS CASH GROCERY

DOTHAN'S ORIGINAL SANITARY GROCERY

Breakfast Bacon, the best brought to Dothan sliced by our machine which prevents any waste for you, per pound 35c

Everybody loves hominy, the old-fashioned lye hominy when made right. 3 cans Van Camp's Hominy for 25c

Export Soap is another product which contains only purest of ingredients. We deliver you six boxes for 25c

Octagon Soap has long been a warm place in the hearts of Dothan housekeepers and we will sell you six boxes of 25c

A BIG DIFFERENCE
From Heard's Dairyman.

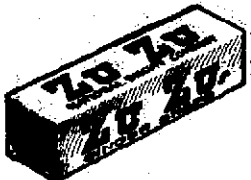

A writer in an exchange very truthfully remarks that "farming for profit 25 years ago was a much easier thing than it is today." Then about all the farmers thought of was to mine out the fertility that was contained in the soil, and there was enough to respond with some profit—if you call it profit—even with very crude methods. But today the limit with that kind of farming has been reached on most farms. For that reason you see a lot of men sorely puzzled to know what to do. These men never gave themselves to the study of the principles of fertility, or the structure of soils, in the years back when they had a chance to make themselves intelligent on that question. A little good, sound knowledge just now would serve them mightily well if they only had it. We know of scores of dairy farmers in this grand old dairy county of Jefferson who are mining out their soil all they can. They have only a limited amount of manure, not half enough to keep up all the land they want to plow and they will not buy phosphate or plow under the second crop of clover or the fourth crop of alfalfa. They want all that for hay, even if it does prevent enriching the land. By this you can see that their weak place in farming is soil management. To spend a dollar for extra fertilizer gives them heart failure at once.

Then, again, it is almost impossible to persuade them to keep live stock enough on the farm to give them ample supply of manure. When you see a man with 160 acres of good land carrying a herd of only 20 cows and a few young stock, you may know that his judgment is out of balance in this particular. With plenty of silo room and alfalfa, such a farm can be easily made to keep 50 to 60 cows and

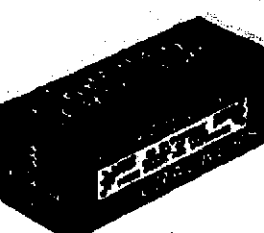

Uneseda Biscuit

A crisp, clean, nutritious food. For everybody—everywhere. Fresh in the moisture-proof package, 5 cents.

Zu Zu

The funny little name of the famous little ginger snap that puts fresh "snap" and "ginger" into jaded appetites. 5 cents.

GRAHAM CRACKERS

The natural sweetness and nutriment of the wheat are retained, giving them a delightful flavor. 10 cents.

Always look for that name

SEEKING MY WIFE.
From the Washington Times.

It was Jules Verne, if recollection does not mislead, who described in one of his works of overwrought imagination a device by which people talking over the telephone were enabled also to look each other in the face as they conversed. Of course, it was quite as impossible as Verne's visions of a travel and submarine voyaging and about everything else he described; that is, it was prophecy instead of pure invention. Nowadays the world moves along so fast that the widest stretches of one generation's imagination are the accomplished means of the next. Even Jules Verne didn't think of the possibilities of moving pictures and wireless telegraphy.

Now comes a London savant with the announcement that he has perfected the "seeing by wire" invention. He has given a demonstration of it before an audience, and the thing is alleged to have worked over distances up to four miles. He anticipates that in time this new electrical scheme will be harnessed to the wireless, and people on shipboard will be able to see the doings on land, hundreds of miles away.

The same day that brings from England the announcement of this device brings also the news dispatch which tells of a successful flight in Dr. Langley's heavier-than-air machine. The contrivance which failed to work over the Potomac has been restored along exactly the lines laid down by Langley, and with the same motor that was built for it under Langley's directions, it went aloft and conclusively proved that the inventor had solved the problem of flight. Dr. Langley had the idea, the whole idea; and now they are saying that in addition to making an aeroplane that would work, he also produced one of the most remarkable motors ever turned out, even to this day. Langley's vindication seems to be peculiarly complete, even if sadly delayed.

Nothing will keep you up like a cold bottle of thirst-killing

REAL ESTATE
Look Everywhere

and you will find that the below genuine prime investments in real estate are not to be excelled:

Beautiful lot and three room house right near City High School for twelve hundred dollars; one hundred and fifty dollars cash and balance by the month or the year. The lot is worth the money and is in a location where it is certain to increase in value. A beautiful vacant lot in choice location for five hundred and fifty dollars, one hundred dollars cash and balance at twenty dollars a month.

A splendid lot on North street at a bargain and on easy terms that big money can be made out of. This lot will face 420 feet on College street when this street is put thru, which is sure to be done in the near future. This lot will be worth double the money we are asking just as soon as this street is put through.

One house and lot on North street for \$750; another for \$1100 both of them good bargains.

A new store and lot facing both A. C. L. R. R. and North street for \$1100.00. Splendid stand for a store, also a very large business lot joining this lot with fairly good building at a big bargain. This lot is close to Headland avenue and is large enough for two good business lots. Can give attractive terms.

A good five room house and two vacant lots seventy feet by two hundred and ten feet each for one thousand dollars and easy terms; located in good white neighborhood. The three lots without the house are worth the money.

A beautiful forty acre farm 3 miles east of Webb. Good 8 room house and tenant house and barn. 26 acres in cultivation with fine spring also good well. Church and school right near. Price fifteen hundred dollars.

One of the choicest 120 acre farms in the county located five miles from Dothan and 2 miles from Webb in best kind of a community with bold branch running through place, this being all the land on farm that is not tillable but worth more than any of the rest. Price of this place \$25 an acre, easy terms.

Quite a number of small tracts in from one to three miles of Dothan. Most any sized placed desired.

You will find it time well spent examining the above.

That Rain Wednesday Night

As you sat last night and watched the play of the lightning, and listened to the crash of thunder and patter of rain, no doubt you were thinking of what it meant to the farmers.

Sometimes it seems as if the natural processes in operation on our little planet have been temporarily suspended, or interfered with, but each time we see our mistake, and realize again the faithfulness of Him who said, "While the earth remaineth seed time and harvest, and cold and heat, and summer and winter, and day and night, shall not cease." Everything indicates that Houston County will make good crops again this year, and it is generally conceded that if Georgia and Alabama make average crops this year, with good prices, business will be more active than in many years.

The president of a large business concern, recently sent a circular letter to all their traveling representatives, as follows: Don't mind about the tariff, railroads, Mexico, just remember that—**THE FARMER IS ON THE JOB**. Our country will take out of the ground this year eight to ten billions of dollars in crops. Any nation that can do that can never be bankrupt or poor.

Many of the leading financiers of the country think the present time a most opportune time for conservative investment. The New York Herald stated recently that they had made a thorough canvass of the entire country, and that everything indicated an era of great national prosperity at our doors.

There was once a prominent European financier who, watching the battle of Waterloo from a distance and seeing the result, beat the official dispatches to London, and made millions of dollars by buying stocks before the rise. You remember him—**BARON TICHILD**.

Mr. Rothschild gave as a secret of his success the following: "I've always made it a practice to buy when things were dull and sell when things were active." Many people reverse this rule. Many things indicate that much property can be picked up right now that will admit of a good profit this fall. We can help you in this. Take for instance—

FARMS

We have a number of desirable places, special attention to two places, both small farms. Dothan. Either of these can be bought for an cash, and either will sell within four months for a big profit.

BUILDING LOTS

One fine lot on Bell street, just one lot off West Main, located next to new homes now being built by Messrs. Gellerstedt and Goldson. This is a splendid lot, in select neighborhood, we have an elegant 7 room house will agree with us that it will be worth much more within six months. Further down Bell street, we have another lot that can be bought for \$450.00. On account of development this summer and fall, this is a fine opportunity to pick up a profit.

On West Main we have a fine lot—100x275 feet, splendid building site for home, very low price and your own terms.

RESIDENCE PROPERTY

We refer to just one. On South St. Andrews, in select neighborhood, we have a elegant 7 room house—every convenience, big lot, 275 feet deep, at a very low price. Easy terms, probably five hundred will close this, and balance in installments.

INVESTMENT PROPERTY

We have a brick store on St. Andrews street, just across street from the Dothan Grocery Company, now paying 10 per cent on investment. We can sell this for \$4,000.00, five hundred dollars cash, balance in yearly installments during six years.

On South Foster we have big store—34x105 feet. Price \$6,500.00, \$1,500.00 cash, balance yearly installments. You will agree with us this is cheap and good investment.

During this dull period is your opportunity. Anticipate the future. September is only three months off. We are in position to help you. Talk the matter over with us.

30 head of young stock. If the farmer is bothered for lack of help to do the milking, cut down the number of cows and buy in likely young heifer calves and rear them for sale as cows. Corn ensilage and alfalfa hay is enough to raise them nicely to cowhead. This stocking the farm with all it can carry and then adopting silo and alfalfa methods to increase the supporting power of the farm results in a big supply of manure and the farm feels it very soon. But it takes courage and intelligence to do that kind of farming.

A good many have the same idea that one farmer expressed to us. "Oh, well," he said, "I'll wait and see how the others do it. I guess what you say is all true enough but I can't get it by reading." So you see he will pursue the same old soil wasting kind of farming for years to come. When he sees "how the others do it," it won't do him any good.

Having the right idea of keeping up the fertility of the farm is one of the prime, fundamental factors in all good farming. We can not farm for profit the way we did 25 years ago for our ignorance and indifference to right principles has taken out all the surplus fertility that God endowed the soil with.

NORTH-VENABLE--

Dr. and Mrs. David Dudley Stephens announce the engagement and approaching marriage of their daughter, Gertrude Venable to Mr. Victor Virgil Norton, the wedding to take place on June 12th at the Methodist church, at Louisville, Alabama. (Montgomery Journal.) The above announcement will be of interest to a number of friends here, where Miss Venable lived on. At a short time ago, she is a beautiful girl whose many personal charms have endeared her to a large circle of friends.

THE SUMMER SCHOOL.

All pupils who desire to make up back work or hope to advance in one or more subjects should meet at the High School building Monday, June 8th at 9:30 a. m., to plan their work as the Summer School opens on that date.

Miss Mollie Hatfield has returned home from Dothan, where she taught school. (Auburn Notes in Opelika News.)

HE WILLED MILLIONS WHEN HE HAD NOTHING

New York, June 5.—David H. Moffatt, railroad builder and at the time of his death on March 18, 1911, rated as a multi-millionaire, died comparatively poor, if property and securities left by him in New York are to be taken as a fair basis of estimate.

The report of the appraisal of Mr. Moffatt's estate filed yesterday showed that by his will he had made bequests of several millions of dollars, whereas the estate is

"Twist the Coin"

2 IN 1 SHOE POLISHES

The best polish in the handkerchief box. Black, Tan and White.

THE F. F. DALLEY CO. LTD.
Buffalo, N.Y.
Hamilton, Ont.

Famed for Fit

For Discriminating Women

Women's very stylish, French model, patent leather colonial, latest pattern, long vamp. \$3.50

Women's French girl kid colonial, half Louis heel, very popular. \$3.50

Women's patent colt pump, newest stage model, Cuban heel, flexible. \$3.50

Fit for Fame

\$4.50

This is the very newest Selz Waukenphast pattern for men who appreciate refinement. It is constructed in a manner to give that long, narrow, graceful appearance, so much admired by good dressers.

The picture hardly does justice to the shoe. Come and try it on, without obligating yourself to buy. Get an idea of real good shoemaking.

Selz Waukenphast lasts have the reputation of convincing wearers that extreme foot comfort IS possible. This is especially true of the model we illustrate here at FOUR FIFTY. In mahogany tan and finest gun metal.

No trouble to show you this and many other Selz models at a price range to suit you. At least it comes and are our windows.

SELZ "ROYAL BLUE" STORES COMPANY

Children's wing heel, summer model. Cool, flexible and comfortable. Selz Waukenphast model. \$2.25

WHITES AND NEGROES AND SLEEPING CARS

Columbia, S. C., June 5.—By unanimous vote of the three members the railroad commission of South Carolina today directed the Pullman company and railways operating sleeping cars in South Carolina to show cause before it June 11, why separate sleeping cars shall not be provided for white and negro passengers. There is a state law in South Carolina providing for separate coaches for white and negro passengers on railways.

HARRISON SAYS DRY MAY HAS NOT HURT COTTON

Washington, June 5.—That the dry weather during May has not only inflicted little damage on the cotton crop of the southeastern states, but, on the other hand, has really been of benefit to the proper growth of the plant, and that a good yield of cotton may be expected with favorable weather conditions for the remainder of the season, is the belief expressed by President Harrison of the Southern Railway company in a statement issued today.

BATTLESLAKE'S BITE FATAL

Marlow, Ga., June 5.—The funeral of Mrs. Harmon Zittauer, who was bitten by a large rattlesnake a few days ago, from the effects of which she died, was held here this morning at the Methodist church. Interment was made in Marlow cemetery. Rev. H. C. Brewton officiated, and the funeral was attended by a large number of friends.

The report of the appraisal of Mr. Moffatt's estate filed yesterday showed that by his will he had made bequests of several millions of dollars, whereas the estate is
